PUBLIC AUCTION OF WHISKEY

Mason Circuit Court Yesterday Found Judgment in Favor of Local Distillery Company—861 Barrels of Whiskey to Be Sold at Court House Door.

After a week's lay-off the September term of the Mason Circuit Court was reconvened again yesterday morning. Judge C. D. Newell is confined to his home suffering with a large carbuncle and the Mason County Bar Association was compelled to elect a Special Judge. The lawyers present met and elected Hon. Frank P. O'Donnell, who took the bench and held court through the morning when court was again adjourned until next Monday morning.

The interlocutory judgments were rendered during the morning—one was in the case of Timothy Ryan's Administrator, et. al., vs. Julia Butler, et. al., in which the Master Commissioner was ordered to sell the land in litigation. The second and more important case was that of the H. E. Pogue Distillery Company vs. the Phoenix Distillery Company, etc. In this case the local concern was suing the St. Louis firm for judgment on unpaid balances on certain notes which were secured by liens on bonded whiskey held in the local bonded warehouse.

The local firm was given judgment in the sum of \$15,415.91 with interest on the various notes until paid and Master Commissioner A. G. Sulzer was ordered to sell at the Court House door on Monday, October 1, 861 barrels of whiskey against which the local concern retains liens.

IS YOUR BOY ON ROLL OF HONOR

Those who were at the head of the big patriotic demonstration which was held here when the first increment of Mason county's sons left for Camp Taylor, Louisville, are very anxious that every Mason county man who serves his country in this war, be listed on the "Roll of Honor," which will be made a matter of record for all time in the County Clerk's Office. This "Roll of Honor" is now on file at the Chamber of Commerce and all having sons or friends in the fight are asked to list those soldiers on this roll which will be turned over to the County Court when it is completed.

GETTING STREETS READY FOR TOBACCO SEASON

For more than a month past the street department has been putting the cross streets in the East End of the city in condition for the opening of the local Tobacco Market the first of December. Yesterday morning the force of workmen with the large steam roller began work at improving Bank street and Morrison alley near the Peoples' Warehouse. The warehouse company through an agreement with the City Council is paying for a part of this improvement in order to have the streets about their warehouse in good shape for the tobacco season.

PAPER CONTAINING STORY OF LINCOLN'S ASSASSINATION

Mr. C. B. Black, telegraph operator at the C. & O. depot, has in his possession a copy of the New York Herald published on the morning of April 15, 1865, the morning following the President Abraham Lincoln's assassination. The old paper was found in an old trunk belonging to Mr. Evermont Frazier, Mrs. Black's father. The entire front page is given to an account of the assassination and the story is accompanied by an old wood cut of the president. The paper is in a splendid state of preservation and is very valuable at this time.

DISTRICT BOARD SLOW IN MAKING DECISION ON EXEMPTION CLAIMS

The Mason County young men who have appealed their exemption cases to the District Board from the local Board are displaying considerable impatience in hearing from the District Board. The District Board will evidently today or tomorrow certify enough men back to the local board to make up the county's forty per cent who have been ordered into Camp Taylor Wednesday. The men will hardly receive their notice in time to begin leaving before the latter part of this week.

MATTER OF DECORATING WAREHOUSE TAKEN UP AT ONCE

The Corn and Tobacco Fair committee on decorations will at once take up the matter of decorating the Liberty Warehouse for the 1917 fair. The contract has been awarded to the William Heck & Sons Company, of Cincinnati, who had charge of the decorations last year. The flags of the allied nations will be pre-eminent in all of the arrangements. Smilax will be used in profusion for the decoration of the ceiling as was the case last year.

OUT ON BAIL

Jim Hob Allison Who Shot Cash Crowe Near Sardis Saturday Appeared Before Judge Rice and Is Out on Bail Until Crowe Recovers.

Constable James M. Manley of Mayslick yesterday brought before Judge Rice James R. Allison charged with shooting and wounding Cash Crowe near Sardis Saturday. Allison was released on a three hundred dollar bond, the trial being postponed waiting the return of Crowe from Lexington where he was rushed to a hospital after the shooting.

His injuries inflicted by a shot gun are about the legs are hardly considered serious. The trouble was a renewal of an old grudge between the two. Crowe, who has been in the penitentiary met Allison at Sardis Saturday and started the old trouble according to the latter, whereas Allison found a gun and shot him.

SUNDAY CLOSING ACT

To Be Enforced Next Sunday For the First Time in Maysville—Only Articles of Necessity to Be Sold.

Maysville will witness next Sunday for the first time in her history something she has never before been accused of being a "dead town", for all local merchants are taking head to the warning given out by the Mason County Grand Jury that all stores not handling articles of necessity must observe that law.

Then comes the question "what are the necessities?" Some contend that ice and milk come under that head but the line is certainly going to be hard to draw and the Grand Jury is to make that decision. Drug stores will be open part of the day for the sale of drugs only.

Muny have inquired when this law was passed, thinking it of recent passage but this is only an enforcement of an old law. Sentiment seems to be divided as to whether it should be observed or not but there is only one way to test a law and that is to enforce it and it will be watched with keen interest.

FIFTY MASON COUNTY FARMER BOYS, BETWEEN THE AGES OF 10 AND 18 YEARS TO JOIN OUR

MASON COUNTY HEIFER CLUB

Believing that the future progress and prosperity of Mason County depends upon the continuing development of its Agricultural interests and the business efficiency of our future Farmers, with the hope of being able to aid in those directions, we have decided to organize a Heifer Club for the Farmer Boys of Mason County.

ABOUT THE FIRST OF SEPTEMBER, 1917, we are going to purchase Fifty Grade Shorthorn Heifers, about eight months old and weighing about 600 pounds, which we will distribute among the first fifty Mason County Farmer Boys, between the ages of 10 and 18 years, that apply for and agree to care for same and that can execute a bankable note covering the cost of the Heifer; which note shall be payable in the fall of 1918.

The Heifers will be bought by expert cattlemen connected with the Extension Service of the State College of Agriculture and be distributed among the boys by lot. Each boy will be given the same chance to make good, and required to become a member of the Mason County Boys' Agricultural Club and to care for the Heifer under the directions of the County Agent; to have the Heifer bred to a pure bred Shorthorn Bull, this fall, and to have her and her offspring ready for public exhibition and sale in the fall of 1918.

You will not be expected to put up a cent of money now; but you must properly care for the Heifer and pay for it later and all the increase and profit will be yours.

About \$100 will be given away in prizes to the boys getting the best results, with their Heifers, at the exhibition to be held in the fall of 1918. For full particulars call at Bank or see Mr. E. F. Boyd, Jr., County Agent, at once, as we want to close entries to the club by September 1st.

We are anxious to help boys that are willing to work and learn.

THINGS HAPPENING IN KENTUCKY POLITICS

Things are happening in Kentucky politics.

Following the appointment of General Percy Haly as collector of internal revenue for the Seventh district comes the rumor, probably true, that Rodmon Keenon, Clerk of the Court of Appeals, will succeed Judge Hughes as collector of the Eighth District, at Danville.

Judge Hughes was appointed on the recommendation of Senator James. He is a positive supporter of Governor Stanley and Senator James.

Mr. Keenon belongs to the Beckham wing of the party. As Clerk of the Court of Appeals, and therefore ex officio member of the State Board of Election Commissioners, he has pursued a course exactly in accord with the policies of the Beckham-Haly element. In the one big issue that is now harassing the Democratic party in Kentucky—the liquor question—Mr. Keenon will take the dry side, the side that is espoused by Senator Beckham and his political adjutant, General Huley, in opposition to the wet element popularly supposed to be headed by Governor Stanley and Senator James.

Kentucky has five collectors of internal revenue—one at Lexington, one at Danville, one at Louisville, one at Covington and one at Owensboro. Gossip says that the collectorship at Louisville is also to fall into the Beckham basket. If this turns out to be true, it will be extremely significant. It may be the forerunner of a red-hot fight for control of the Kentucky delegation to the next Presidential convention.

That Secretary of the Treasury McAdoo is maneuvering for the Presidency is no longer a secret. His friends in the Southern States have been at work for some time and his literary bureau at Washington is in good trim. If he throws the leadership in Kentucky to the Beckham-Haly element, it will mean that the Stanley-James combination has tied up with the Champ Clark boom, or with some other movement antagonistic to McAdoo.

Should Senator Beckham land three out of five collectorships it will likewise indicate, what has been rather apparent of late, that the Beckham-Haly influence is again dominant in Kentucky Democracy and that the opposition, by its alliance with the liquor men of the ruthless type, have merely committed suicide.

The contest that has been going on inside of the Democratic ranks in Kentucky will also be fought out in the Republican party. National ascendancy and the distribution of spoils has hastened the crisis among the Democrats. The Republicans will fight it out later, either in a contest between candidates for State offices who represent the opposing ideas or in some State convention.—Lexington Leader.

HOPE OF PEACE

According to the Associated Press, there are encouraging indications that Germany will in the very near future, possibly before winter sets in, submit a peace proposition which will be acceptable to the Allies as a basis for preliminary consideration.

Germany, it is reported, will at the same time suggest immediate cessation of hostilities on a status quo basis.

The dispatches say that there is no doubt that the German government is anxious to end the war on best possible terms and that it now preparing the minds of the people for sacrifices which it is realized must sooner or later be made.

This is not surprising. It would be remarkable if it were not true. Private advices from Germany are that the scarcity of food is working a great hardship upon the masses and that there are rumblings which threaten revolution. On top of this is the menace which the German staff must see in the tremendous preparations that the United States is making for war, and which Germany knows is just the mere awakening of the people of America—that they will not stop until Prussian militarism is crushed, if it takes fifty years to accomplish it.

The Hohenzollerns and the military leaders of Germany, having failed in their plans to establish a tremendous empire in Central Europe, and realizing ultimate defeat, are now turning their thoughts toward saving themselves. If they delay too long, or wait until their burden bearers come to a full realization of what disasters have befallen them, these rulers will not be able to save their necks, to say nothing of their seats of power.

The food embargo which the United States has begun to enforce is doubtless one of the agencies that has tended to ripen the conviction in the German mind that her war of conquest must certainly fail. Men and munitions avail but little if no food is to be had, either for the armies or for the people back home.—Lexington Leader.

THE NEXT LOAN

Bond issues, of course, must for the moment be depended upon to meet the greater part of the Government's requirements, and it is to be hoped that modern merchandising methods will be adopted in floating the new loans instead of the hysterical and too often amateurish methods which made the success of the first Liberty Loan a matter of anxiety and uncertainty up to the last moment. If the indispensable assistance of the newspapers of the country shall be organized on a definite business basis there will be no such uncertainty as that which attended the two billion dollar loan. This will mean the enlistment of advertising experts to put the undertaking on precisely the same basis as is adopted in the business and financial world for the sale of commodities on a national scale. Unless this is done we shall have another humiliating period of uncertainty and unnecessary pleading to accomplish something which can and should be done in a better and more scientific way.—Philadelphia Ledger.

The American Union Against Militarism has requested President Wilson to "allay the growing fear that an era of Prussian frightfulness is to be instituted in America by the government." Coming from an association working in the interests of all things Prussian, this is a model of brazen impudence.

NEW YORK'S MAYORALTY FIGHT

New York, September 18.—Political leaders in Greater New York gave final instructions to their lieutenants in the campaign today; candidates closed their speaking tours and the lines were drawn tight for the voting in tomorrow's primaries, which is to determine the complexion of the ballots in the municipal election in November.

The campaign is going to be a straight fight between the Fusion ticket, headed by Mayor John Purroy Mitchell, and the Tammany ticket, headed by Judge John F. Tylan as the candidate for mayor.

The term "fusion" doesn't amount to much, it is admitted, because the Mitchell ticket is overwhelmingly Republican, and the Tylan ticket is straight Democratic. Outside of purely local issues and others that may be raised by the war, the fight is to be primarily between the Democratic and Republican organizations of Greater New York, and there are admittedly a lot of "soreheads" on both sides.

Judge Tylan, the Tammany-picked candidate for the mayoralty, promises to be a picturesque figure in the campaign. Forty-nine years old and full of "pep," he promises to give the metropolis a lively campaign of the good, old-fashioned sort. The Judge is a self-made man and proud of the job. He was born on a farm and worked as a section hand on a railroad up to the time he came down to the city, got a job on the old Brooklyn "L" road as a fireman, and worked his way to that of engineer. While thus employed he studied law at New York University. President Wilson, then a professor of constitutional law in that institution, was one of his instructors. He ran his engine on the "L" road at night and studied by day. When he got his degree he went into practice in Brooklyn, and was eventually elected county judge, polling a tremendous vote.

Judge Tylan says he is for the war, stands back of the President, and thinks we ought to stay in the war until we reach an honorable peace. He is married and has a daughter.

John P. Mitchell, the "fusion" candidate for re-election to the mayoralty, will have on his side all the anti-Tammany elements of the electorate, with the exception of the Socialists, who intend to run and support Morris Hillquit. Mr. Mitchell's chief asset as a candidate will be the record of his administration since he became

mayor in January, 1914.

The city probably never has had a more efficient, economical and statesmanlike a government, since the days of the civil war, than it has had under the new charter with the "reform" element in power.

Mr. Mitchell is of a well-known Irish family, his father having played an important role in the early efforts of Ireland to obtain home rule. The lad grew up in New York, went to Fordham College, then studied law at Columbia University, and not long after his admission to the bar had a year of experience in the office of the city's legal department.

In 1907 Mr. Mitchell was named as commissioner of accounts by his predecessor in the office of mayor, and, after holding this place for two years and mastering much of the city's intricate problem, became president of the board of aldermen, and there reigned four years.

Then followed a brief term in the Federal service as collector of the port of New York. His character, his racial attributes, his knowledge of the technical side of his problem, if elected made him a natural candidate for the anti-Tammany forces to nominate for the mayoralty in 1913, and he was elected when the people had an opportunity to pass judgment on his fitness. It is generally conceded that he has met most of the obligations of his office with ability and poise. He has kept the standards of administration high and established marked precedents of good government.

RUSSIA PROCLAIMED A REPUBLIC—COUNTRY'S AFFAIRS EN-
TRACTED TO FIVE MEM-
BERS OF CABINET

Petrograd, September 15—(Sat-
urday)—Russia has been proclaimed a
republic. The provisional govern-
ment tonight issued the proclamation
dated September 14.

The proclamation follows:
"General Korniloff's rebellion has
been quelled. But great is the con-
fusion caused thereby, and again
great is the danger threatening the
fatherland, and its freedom.

"Holding it necessary to put an end
to the external indifference of the
state's organization, remembering the
unanimous and rapturous approval of
the republican idea expressed at the
Moscow state conference, the provi-
sional government declares that the
constitutional organization according
to which the Russian state is ruled
a republican organization, and it here-
by proclaims the Russian republic.
(Signed)

"Minister and President, Kerensky.
"Minister of Justice Yarovol."
The title "Minister and President"
affixed to Premier Kerensky's signa-
ture to the proclamation refers to his
position as president of the ministry,
rather than of the republic.

General Valueff, commander in
chief of the western (Russian) front,
in an order of the day issued to his
army, says:
"The enemy does not sleep. On the
contrary he is intoxicated by his Riga
success and as, according to reliable
information, preparing attempts to
break through the Russian front at
Dvinsk and Minsk. Should he suc-
ceed we are ready to meet him, the
revolution will be lost."

"I advise you to leave to the govern-
ment the solution of internal ques-
tions and to devote yourselves only to
the maintenance of discipline and
fighting efficiency."

THE DAILY REMINDER Our Fighting Men

The officer who has had most to do
with the planning and building of the
16 army entrenchments for the National
Army is Colonel Isaac W. Little, of
the Quartermaster Corps. Colonel
Little has had a brilliant career in
the army. He was appointed to West
Point from New Jersey in 1878, and
after graduating was appointed a sec-
ond lieutenant of infantry. After sev-
en years in that branch of the service
he was assigned to the Quartermaster
Corps, with the rank of captain. He
served through the entire Geronimo
campaign and the Spanish-American
war and spent three years in the Phil-
ippines. Colonel Little is the inven-
tor of the present army cot, the field
desk and the trunk locker.

AID SOUGHT BY FARMERS

National Council of Defense Is Called
On By Chamber of Commerce to
Relieve Situation Caused by
Drafting of Farmers.

Farmers of Mason county have be-
come alarmed at the accepting of
young farmers for the national army
which will cause a shortage of labor
and much inconvenience in the crop
production, a question of much more
importance at this time of the year.

A number of farmers Saturday
sought the co-operation of the May-
ville Chamber of Commerce to help
solve this problem, with the result
that Secretary-Manager Dodds sent
the following telegram to the National
Council of Defense.

National Council of Defense,
Washington, D. C.

Rural neighbors complaining about
order to increase acreage of crops
and majority of boys are drafted off
farms, leaving serious production sit-
uation. Wire the relief you offer at
our expense.

MERCE

AN INVITATION TO WOMEN

Women are invited to visit the labo-
ratory of the Lydia E. Pinkham Medi-
cine Co. at Lynn, Mass., and see for
themselves with what accuracy, skill
and cleanliness this wonderful rem-
edy for women's ailments is prepared.

Over 50,000 pounds of roots and
herbs are used annually in making
this famous medicine. The great bins
of herbs, the huge tanks filled with
the medicine ready to be bottled, and
the bottling room where it is put up
and labelled for the market, cannot
help but impress them with the reli-
ability of this good, old-fashioned root
and herb remedy, which for the past
forty years has been so successful in
the home treatment of female ills.

Edward Barlow, colored, was ar-
rested Saturday night by the local
police on a charge of breach of the
peace and will be given a hearing in
police court this afternoon.

ENDORSED AT HOME

Such Proof as This Should Convince
Any Mayville Citizen.

The public endorsement of a local
citizen is the best proof that can be
produced. None better, none stronger
can be had. When a man comes for-
ward and testifies to his fellow-cit-
izens, addresses his friends and neigh-
bors, you may be sure he is thorow-
ly convinced or he would not do so.

Telling one's experience when it is for
the public good is an act of kindness
that should be appreciated. The fol-
lowing statement given by a resident
of Mayville adds one more to the
many cases of Home Endorsement
which are being published about
Doan's Kidney Pills. Read it.

Frank Taylor, Prop. barber shop,
401 E. Second St., Mayville, says: "A
few months ago, I had a slight attack
of kidney trouble and my kidneys were
irregular in action. The kidney se-
cretions were too frequent in passage
and then again, were scanty and high-
ly colored. I had a dull, steady ache
through the small of my back and my
back was weak. Four boxes of Doan's
Kidney Pills, which I got at Chaslor's
Drug Store, cured me of the complaint."

Mr. Taylor is only one of many
Mayville people who have gratefully
endorsed Doan's Kidney Pills. If
your back aches—if your kidneys
bother you, don't simply ask for a kid-
ney remedy—ask distinctly for
DOAN'S KIDNEY PILLS, the same
that cured Mr. Taylor—the remedy
backed by home testimony. 60c all

WILL PUBLISH NEW PHONE DIRECTORY

The Mayville Telephone Company
is making arrangements to publish a
new telephone directory during the
early days of October. The Telephone
Company has added many new phones
to the service during the past few
months and the present directory does
not contain the names of many sub-
scribers. It is the plan of the com-
pany to keep their directories up-to-
date and they will issue new books
often in the future.

PUBLIC SCHOOLS

Opens Systematic Banking System
—Students Become Interested
As Depositors.

The Maysville Public Schools yes-
terday took one more step toward its
great goal a perfect school when an
up-to-date banking system was adopt-
ed whereby students are taught to
save and economize which is in har-
mony with the great "save and raise"
campaign now advocated by the gov-
ernment.

This movement has been contem-
plated by Superintendent Caplinger
for the past several years and now
with the aid of local bankers interest
became so ripe that success was prac-
tically assured. Its success should
be twofold being a combination of
Maysville's two biggest assets its
school and banking system.

KEPT HER AWAKE

The Terrible Pains in Back and
Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson,
of this place, writes: "For one year I
suffered with an awful misery in my back
and sides. My left side was hurting me
all the time. The misery was something
awful.

I could not do anything, not even sleep
at night. It kept me awake most of the
night. I took different medicines, but
nothing did me any good or relieved me
until I took Cardui.

I was not able to do any of my work
for one year and I got worse all the time.
I was confined to my bed all and on. I got
so bad with my back that when I stooped
down I was not able to straighten up
again. I decided I would try Cardui.

By time I had taken the entire bottle
I was feeling pretty good and could
straighten up and my pains were nearly
all gone.

I shall always praise Cardui. I con-
tinued taking it until I was strong and
well. If you suffer from pains due to
female complaints, Cardui may be just
what you need. Thousands of women
who once suffered in this way now praise
Cardui for their present good health.
Give it a trial.

Just back from the Eastern Market with all the latest styles in
Silks, Dress Goods, Neckwear, Ribbons, Gloves, Ornaments, Trim-
mings, Tassels, Hosiery, etc. Many exclusive styles.
The Gingham are the prettiest ever shown in Maysville.
Come in and see the new things in Collars and Trimmings, as
they are different from the usual kinds.
Last call on Velour, etc., another cut, they will be just as good
next summer and you will save about one-fourth by buying now and
not making up until next season.
It is time to think about Blankets and Bed Coverings, lots of
materials for the making and many ready made at little or no advance
in price, owing to early purchases.
